ELECTRONICS AND COMPUTER SCIENCE

Enhanced Content Analysis and Information Retrieval Using Twitter Hashtags

A project report submitted for the award of
MEng Computer Science

Jamie Davies

November 7, 2013

Supervisor:
Dr. Nick Gibbins

Examiner:
Dr. Nick Gibbins

Abstract

No more than 200 words.

This template includes a suggested structure for your progress report.

The choice of section headings has been designed to map to the marking criteria given to supervisors. You can use these headings if you want to but they are not compulsory.

Contents

Abstract	1
1 Project Goals	3
2 Background and report of literature search	4
3 Report on Technical Progress	5
4 Plan of remaining work	6
References	7
